

# 2008 Seafair Notice to Boaters

**\* Exceptions to Restricted Areas:** Vessels with Logboom Passes must gain access to restricted areas no later than 9 a.m. on Thursday, and by 11 a.m. on all remaining days. These vessels must be secured to the Logboom no later than 9:30 a.m. on Thursday, and by noon on all remaining days. Should the Logboom become full, all vessels without a space on the Logboom must exit the restricted areas no later than 9:45 a.m. on Thursday, and by 12:30 p.m. on all remaining days.

## CHEVROLET CUP AT SEAFAIR AND KEYBANK AIRSHOW AT SEAFAIR

During July 31- August 3, 2008, Lake Washington will play host to U.S. Navy Blue Angels, hydroplane races, and aerial performances. Special restrictions and local regulations have been established in order to promote the safety of these events for both performers and spectators alike. These restriction and local regulations will be enforced by federal, state, and local law enforcement agencies. Failure to comply with these provisions may result in expulsion from the regulated areas, citation for failure to comply, or both. The Budweiser Logboom at Seafair is reserved for paying customers from 6:00am Saturday, August 2, 2008 through 6:00pm Sunday, August 3, 2008

### SPECIAL LOCAL REGULATIONS

These rules are in effect during Seafair, and apply to Logboom vessels in Zone 1 and all vessels in Zone 2.

- Boaters proceeding to the Logboom in Zone 1 or to any area in Zone 2 shall do so only at minimum wake speed, with a maximum speed of 7 m.p.h.
- Any person swimming or otherwise entering the water in Zone 1 shall remain within 10 feet of the Logboom. No swimming is allowed on the racecourse side of the Logboom when hydroplane boats are on the race course.
- Any person swimming or otherwise entering the water in Zone 2 shall remain within 10 feet of their vessel.
- Vessels on the Logboom in Zone 1 may group or raft up to 3 vessels total per Logboom mooring.
- Vessels in Zone 2 may group or raft up to 6 vessels.
- Only vessels authorized by the Coast Guard Patrol Commander are authorized to tow other vessels, including inflatable and other non machinery powered watercraft.
- In order to maintain an expeditious evacuation route for official vessels, non official vessels shall avoid transiting the Medical Chute. Vessels desiring to transit the Medical Chute shall only do so at right angles, and only when the chute is not being used for official purposes.

### RECREATIONAL BOATING SAFETY

- Children 12 years and younger are required to wear U.S. Coast Guard approved life jackets on vessels shorter than 19 feet whenever the vessel is underway, and on larger vessels when on an open deck or open cockpit and underway.
- When not required to be worn, PFDs must be readily accessible for every person aboard.
- The maximum allowable Blood Alcohol Content is less than .08%. Where no capable operator is found aboard a vessel subject to a Boating While Intoxicated citation, the operator and passengers will be removed from the vessel and the vessel will be impounded.
